

Konstantin Sibold

(CAMELO RECORDS / MULE MUSIQ / INNERVISIONS, STUTTGART)

Konstantin Sibold was born 1987 in Stuttgart.

In 2009 he became resident of the legendary Rocker 33 in Stuttgart.

Two years later he and his friend Leif Müller started their own event series called 'Common Sense People' with guest acts such as DJ Koze, Roman Flügel or Levon Vincent. This has subsequently become an institution for quality underground club music throughout southern Germany.

Konstantin, Groove Magazine's newcomer of the year 2013, already has a respectable discography with releases on labels like Innervisions, Defected, Cocoon, Kompakt or DFA. Spanning a wide range of genres, his productions incorporate everything from house and techno to indie-pop.
